Thanks Kate.

Before I try to schedule a specific time for the meeting, is anyone available on Friday or sometime next week?

Hi Jim,

I recommend including Bob, Glenn & Phil in the seismicity talks - I've cc'ed them here, just to give them a heads-up you'll be in touch. Phil - is there anyone else from the group you would recommend participating?

Thanks, Kate

Kate – I'd like to coordinate with the geology folks regarding the seismicity write up. I think that Bob Seal from USGS is a key person to talk with. Who at EPA would be the point of contact for the seismicity? Would it be Cindi?

Thanks
